### Announcements

**CONSOLIDATED APPLICATION - LEAs and Charters ONLY (7/2/2019)**  
The 2019-20 Eligible Schools Summary Report (ESSR) is available within your respective PowerSchool instances to enter data.

ALL LEAs and charters in North Carolina report these data, regardless if the school receives Title I, Part A funds. The ESSR Module in PowerSchool collects the total number of children enrolled in the school(s), the total number of low-income children, the Title I program that will be operated during the 2019-20 school year, and Community Eligibility Provision (CEP) participation. Please note that there are no changes from the previous years' collections.

### Reminders

Getting locked out, VALID NCIDs and OTHER ISSUES WITH NCIDs (10/7/2019)

**If you are a NON-LEA** having problems with your NCID (expired password, locked out), contact DIT at 919.754.6000 or toll-free at 1.800.722.3946 for assistance. **If you are an LEA/Charter**, please contact your local NCID Administrator. **The CCIP Administrator does not manage NCIDs**, other than to authenticate you are who you say you are, and to make you "known" to CCIP.

Just having a valid NCID does not automatically gain you access to CCIP. For LEAs, please contact the User Access Administrator for your organization. Non-LEAs must have the Chief Administrator/ Director of their organization contact [anita.harris@dpi.nc.gov](mailto:anita.harris@dpi.nc.gov) with the correct information.

Buncombe County Schools (110) Regular Local School District - FY 2021 - IDEA - Rev 0 - IDEA 611 (PRC 060)

Go To

### IDEA - Part B (611) Grant Introduction

**Each Agency (LEAs, SOPs, and Charter Schools) must submit an IDEA-Part B Project and Budget in order to access funds.**

The elements of the Project must meet acceptable criteria of compliance prior to the approval of any federally funded Project. Each agency must ensure that children with disabilities (in those schools) receive services in accordance with a properly developed Individualized Education Plan (IEP) and are afforded all applicable rights and services guaranteed under the Individuals with Disabilities Education Act (IDEA).

The purposes of IDEA include (a) ensuring that all children with disabilities have available to them a free appropriate public education (FAPE) that emphasizes special education and related services designed to meet their unique needs and prepare them for employment and independent living; (b) ensuring the rights of children with disabilities and their parents are protected; (c) assisting states, localities, educational service agencies, and Federal agencies in providing the education for all children with disabilities; and (d) assessing and ensuring the effectiveness of efforts to educate children with disabilities. [300.1]

The Agency Project must describe policies and procedures the agency has in place to comply with the requirements of Public Law 108.446. Each agency must adopt policies which reflect legal obligations contained in Public Law 108.446 and North Carolina General Statutes 115-C-106, Article 9. The Project must describe the total special education program for children, ages 3-21, with disabilities of the agency, irrespective of the funding source.

No Project may obligate federal funds prior to the date the Project and Budget are submitted in substantially approvable form, and approved by the state education agency.

The Project is a public document and must be made available for public review and inspection (as mandated by Section 614 of Public Law 108.446) prior to submission.

The Project consists of procedures, policies, data tables and assurances. The Project is approved for a one year period. Any changes made in agency policy or procedure described in the Project must be submitted as an amendment to the One-Year Project.

### Use of Funds

Funds must be used to develop comprehensive programs and services for children with disabilities in the least restrictive environment (LRE). The State Board has approved and adopted the Continuum of Services outlined in the [Policies Governing Services for Children with Disabilities](#). Adherence to the Policies should ensure a systematic program with alternatives for meeting the LRE requirements. Some or all of the

# Private School: Proportionate Share Why?

- LEAs are required to provide special education services to SWD who are parentally-placed in non-public schools which are located in the LEA
- Equitable services may be provided to SWD enrolled by their parents in private, religious, and home schools that meet the definition of elementary and secondary school

# Private School: Ongoing Communication

- Private school evaluations are covered under Child Find and are not included in proportionate share set aside funds
- Communication with private schools and parents is ongoing throughout the year (does not end after the formal meeting)
- Strong relationships and open communication will ensure equitable services

# Private School Proportionate Share

☐ If your agency is a State-operated program (SOP) or charter school, select this box as the following would not be required.

\* 1. The LEA must consult with private school representatives and representatives of parents of parentally-placed private school children with disabilities regarding the child find process and equitable participation. (NC 1501-6.6(a) Indicate how parents, teachers and private school officials will be informed of the process and how parentally placed private school children suspected of having a disability can participate equitably; (300.134)

asdf

\* 2. Give a description of how timely and meaningful consultation occurs with private school representatives and representatives of parents of a parentally placed private school child with disabilities during the design and development of special education and related service provisions for parentally-placed private school children with disabilities. (300.134)

adsfa

\* 3. The consultation process among the LEA, private school officials, and representatives of parents of parentally-placed private school children with disabilities should be ongoing to ensure that parentally-placed children with disabilities identified through the child find process can meaningfully participate in special education and related services. Give a description of how the process operates throughout the year. (300.134)(c)

asdfa

\* 4. Give a description of how (each parentally placed private school child with a disability who has been designated to receive services) the Service Plan is developed addressing the specific special education and related services the LEA will provide.

asdf

\* 5. Based on the proportionate share of Federal funds available to serve parentally-placed private school children with disabilities LEAs must make a determination of service provisions. Give a description of how parentally placed children are provided services using a proportionate share of Part B funds. Be specific in the statement about which children will receive services; what type of services will be provided; how, where and by whom special education and related services will be provided. (300.134)(d)

asdf

- (e) Written explanation by LEA regarding services. How, if the LEA disagrees with the views of the private school officials on the provision of services or the types of services (whether provided directly or through a contract), the LEA will provide to the private school officials a written explanation of the reasons why the LEA chose not to provide services directly or through a contract.

# MOE: Expenditures

- Due in November after Initial Grant application has been approved
- PSUs should start gathering MOE Expenditure data after the 2020-2021 fiscal year ends.
- Training will be scheduled prior to MOE Expenditures opening for submission

# MOE Expenditures: How to meet it

- Local funds only
- The combination of state and local funds
- Local funds only on a per capita basis
- Combination of state and local funds on a per capita basis
- **Consequence for not meeting in at least one of the four areas is repayment of the difference.**

# Additional Information and Reminders

# Excess Cost

## *What are excess costs?*

Excess costs are the costs of providing special education and related services to students with disabilities, over and above the average expenditure in a local educational agency (LEA) for an elementary or secondary student.

# Excess Cost

- Purpose of excess costs regulations and why it matters to the EC Directors and Program?
- The excess cost requirements **prevent the use of IDEA-B funds to pay for the entire cost** of providing services to students with disabilities.
- It is important to understand this regulation, and calculation, to ensure:
  - at least a minimum average amount is spent **out of other funds** for the education of students with disabilities **before** IDEA-B funds are spent.

# Excess Cost

Who has to worry about excess costs?

- If your organization receives a federal grant awarded under the Individuals with Disabilities Education Act, Part B (IDEA-B), those funds must be used to pay the **excess cost of providing special education and related services to students with disabilities** (34 CFR §300.202(b)).
- There are exceptions noted under conditions described in 34 CFR §300.202 (b)(1)(ii).

# Excess Cost

- *How Do I calculate this?*
- A template is provided on the NC DPI website:  
<https://ec.ncpublicschools.gov/finance-grants/fiscal-monitoring/excesscostworksheet.xlsx/view>
- An LEA can create its own template and approach to gathering and compiling this information. All documentation and the calculation must be maintained for auditing purposes.
- Meet with your Finance Officers. Each LEA may have different reports that will provide the required information, but your Finance Office can help identify where this information comes from. School Business Office is always a point of contact that Finance Officers have access to if they are unsure where to get the information.

# Excess Cost

Types of information that will be needed that your Finance Officer can help with will include:

- These costs are calculated each year based on expenditures from the most recent prior school year
  - Expenditures from all programs from the prior period
    - *Must Exclude Capital Outlay and Debt Service*
  - Expenditures by the PRC for Students with Disabilities for the prior period
    - *Includes: Special needs, economically disadvantages, and Limited English proficiency students*
    - *Excludes: Academically & Intellectually gifted students*
  - Average Daily Membership
- The Excess Cost Worksheet must be retained at the PSU for audit purposes
- PSU may receive a possible increase in IDEA funding and may need to adjust Excess Cost
- **Consequences for not meeting Excess Cost is the repayment of the difference**

# Excess Cost

## KEY TAKEAWAYS:

- ✓ **Make sure that your PSU is spending at least a minimum average amount is spent out of other funds for the education of students with disabilities before IDEA-B funds are spent.**
- ✓ **Work with your Finance Officer to determine the minimum average amount to budget per special needs student out of the IDEA budget and the minimum amount that is to be spent per student before IDEA Funds**
- ✓ **Failure to meet Excess Cost will result in a required repayment**

# Important Reminders

- Special Programs and Data Fiscal Monitoring team does not allot funds.
- Notification of status change: Once the PSU gets an approval the PSU's EC department will need to connect with the PSU's finance and they will connect with their NCDPI finance contact for allotments for all EC grants.

# Important Reminders

- All Special Grants will open after IDEA submission:

Special State Reserve

Risk Pool

Group Foster Home

Developmental Day

Out of District

Community Residential

- Positions must be hired when needed and not contingent on receiving funding.

# Important Reminders

- For the 2021-2022 school year, there will be a possible increase in the Federal allotments.
- This increase could be used to cover some of the high impact cost prior to applying for Special Grants.
- PSUs will need to monitor MOE and Excess Cost closely

# New Information

- An End of Year Update will be required this year for the 2020-2021 Special Grants
- There will be a 2021-2022 Comprehensive End of Year Report requirement. Training will be provided in 2021-2022.

# Technical Assistance Sessions

Regional Coordinators and Fiscal Monitors will be available for technical assistance on the following dates:

- May 13th at 9:00 – 10:30
- May 20th at 9:00 – 10:30
- May 27th at 9:00 – 10:30
